Road Transport & Highways

Agrovision Foundation, led by **Shri Nitin Gadkari**, is a pioneering non-profit organisation dedicated to transforming Indian agriculture by encouraging, educating, and empowering farmers. Focused on innovation, sustainability, and knowledge sharing, the Foundation connects farmers with experts, technology, and market opportunities to enhance productivity, profitability, and self-reliance. At **Agrovision 2025**, our vision is to catalyse a paradigm shift in Indian agriculture from volume to value, from traditional practices to smart solutions, and from subsistence to sustainable prosperity. The theme **"Transforming Agriculture - Empowering Farmers,"** envisions a shift from traditional to smart farming—boosting quality, income, and resilience through innovation and continuous learning.

National Agri Exhibition 2025

A four-day mega event **spread over 25,000 sq. meters**, will showcase the latest innovations and advancements in agriculture, bringing together **over 450 participating organizations**. Special pavilions will spotlight **MSMEs, Animal Husbandry, Agri startups, Agri Incubation Centre and Self-Help Groups** creating a vibrant platform for knowledge exchange and collaboration. The expo is expected to draw **lakhs of farmers** from across India along with government officials, policymakers, and channel partners. Each year, Agrovision sees growing participation from cutting-edge agri-technologies, including precision farming tools using GPS and IoT, drones and satellite imaging for real-time crop monitoring, AI-powered analytics for smarter decision-making, and automated machinery like self-driving tractors and robotic harvesters—collectively driving the future of Indian agriculture.

Interactive Workshops for Farmers

Free workshops for farmers is a unique feature of Agrovision.

- On average, **over 30 workshops** are arranged every year
- Experts from agri universities, research institutes, and officers from the government departments & industry experts guide the farmers on various topics
- Special long-duration workshops are arranged for crop enhancement, water management, allied agri businesses, FPO formation, career in agriculture, Self-Help groups, etc
- The workshops are **attended by 50,000+ farmers** every year.
- In the **16th Agrovision**, **30+ workshops** will be organised on various topics.

Conference

Agrovision hosts an annual one-day conference that brings together policymakers, industry leaders, progressive farmers, and experts from across India, with a strong focus on inspiring agri-entrepreneurship. Past conferences have addressed key opportunities in Vidarbha, including dairy development, inland fisheries, textile parks, and bamboo cultivation. This year's conference will focus on **"Food Processing Opportunities in Vidarbha,"** highlighting value addition, modern processing technologies, and new market linkages to boost farmer incomes and transform agriculture into a thriving enterprise. The event will serve as a dynamic platform for farmers to connect with experts and innovators, unlocking the true potential of Vidarbha's rich harvests.

Why Participate in Agrovision 2025 ?

- Reach Lakhs of farmers from Vidarbha & adjoining states
- Launch new products & gain a competitive advantage
- Demonstrate your products and services through the Expo & Workshops
- Connect and collaborate with channel partners
- Special pavilions for Agri startups / MSEs
- Network with policymakers, researchers, entrepreneurs, academics & relevant stakeholders
